**'KEEP RUSSIA IN TOW,' SAYS ARMY SPEAKER**

"We now know that we're Russia and her ilk in tow . . ." was the keynote of an address delivered by Col. David G. Logg, staff officer of the 99th Volunteer Air Wing, representing the U. S. Armed Forces, at a dinner honoring Armed Forces Day held at the Bert S. Crossland American Legion Post Tuesday.

Mayor Robert L. Haggard, City Manager George Stevens, members of the City Council and the commanders of the three Torrance Veterans

organizations heard Col. Logg say that "Russia has seven tanks for every one of ours . . . more submarines than Germany had at the beginning of World War II . . . and is planning a force strong enough to scare any nation in the world." We know, however, according to Logg, that U. S. engineers and scientists are developing fine weapons and munitions, which we hope are the best in the world.

Veterans attending the joint dinner heard the speaker of evening climax his address with a statement that "the government's plans for industrial mobilization and defense are at the strongest point since the end of World War II."

Tom Watson, commander of the Crossland Post and Jim Wilkes, representing the Veterans Council, announced that Armed Forces Day will be climaxed with a giant parade on Saturday and a free dance at the legion clubhouse in the evening, according to Joseph Platt, public relations officer for the veteran's council.

## Avalon Village Managers Start Improvements

With the restoration of lawns and the redecorating of apartments, the new management of the Avalon Village Company, Unit No. 3 recently launched into an improvement campaign to prepare the 495 rental units for first class occupancy. It was announced by L. M. Hamilton, assistant general manager.

Hamilton stated, "We intend to make our furnished rental apartments the most desirable in the area. We are making every effort to effect improvements that will give greater convenience and comfort to the families living here."

"In extending a welcome to veterans and non-veterans alike, Hamilton declared, "Many non-veteran families are unaware of the furnished rental apartments available to them in this low-price bracket. Also, we want the public to know that we are a friendly family community and welcome families with children as the ground-plan of Avalon Village provides ample space for children to play safely."

In addition to the redecorating and the installation of new screen doors, the Avalon Village Company announced the remodeling of certain apartments to form triple accommodations, with two complete baths, which will house six persons comfortably for a rental price of \$67.50 a month. These units are now being completed and have found much favor with renters with larger families.

Other apartments available are in the single and double classes, completely furnished, renting for \$42.50 and \$53.00, respectively, it was announced.

## City Employees Union To Ask For Salary Hike

United Public Workers Union, representing approximately 120 city employees, will ask for a pay hike probably within the next week.

Sam Burland, international representative, said Monday.

Membership in Local 360 includes bus drivers, maintenance workers, clerks, and some firemen, he said.

Local police officers were not listed as members of the union.

Burland said that a comparison study of wages of other cities indicated that Torrance employees in some classifications were "lower than average."

He said the study will determine if the wage increases asked for will be "blanket" raises or whether in just certain classifications.

The union representative said he would be ready with his requests to present to the council within the next week.

Meanwhile, City Manager George W. Stevens, in the midst of preparing the city's budget for the fiscal year 1950-51, said he had not been advised of the union's intentions.
